

## Plants for Sale

We have quantities of the following plants for sale at prices lower than at a garden centre.

50% of the proceeds will be given to the National Garden Scheme charities.

Our garden at Morning Light, 7 Armitage Close, Loudwater, WD3 4HL is open by appointment under the auspices of the National Gardens Scheme for individuals or groups up to 25.

Anthurium andraeanum	popular houseplant (flamingo flower); white
Aquilegia ex 'Black Barlow'	90cm tall, with grey-green divided leaves and distinctive, pompon-like, deep purple flowers in early spring and summer; comes true from seed
Astilbe x arendsii 'Amethyst'	magnificent astilbe; 4-5' lilac plumes in July-August; must have damp
Astilbe x arendsii 'Bressingham Beauty'	pink plumes in July; must have damp
Astilbe x arendsii 'Fanal'	early flowering, dark red plumes in June-July; must have damp
Brunnera macrophylla 'Jack Frost'	large, heart-shaped silver leaves edged and veined with green, and sprays of small blue flowers in spring
Calamagrostis 'Avalanche'	Feather Reed Grass, clump forming perennial with arching pale yellow leaves, fading to pinkish white, with green margins and stripes
Canna 'Wyoming'	orange flowers with reddish purple foliage; treat overwinter like dahlias but start into growth early for mid-summer flowering
Clivia miniata	bold strap-shaped, dark-green leaves and trumpet-shaped orange flowers borne in groups on stout stems; popular houseplant
Dahlia 'Alva's Supreme'	large decorative; pale yellow, double flowers, slightly deeper yellow at the base
Dahlia 'David Howard'	small decorative; orange flowers and purplish foliage
Geranium clarkei 'Kashmir White'	spreading to 45cm in height, with deeply 7-lobed leaves and white flowers in May, 4cm in width, veined with pink
Geranium macrorrhizum 'Bevan's Variety'	strong-growing semi-evergreen perennial forming a wide mat of aromatic, rounded leaves, with deep purplish-pink flowers in May; excellent groundcover
Heuchera 'Café au Lait'	beautiful frilly leaves of glossy dark chocolate, covered in white flowers in spring. Makes a beautiful neat plant very tight and compact
Hosta 'Frances Williams'	broadly heart-shaped, puckered and veined grey-green leaves to 30cm, with a wide, irregular yellow-green margins
Hosta 'Regal Standard'	urn-shaped mound of wavy-edged grey-green leaves, each of which is framed with an irregular yellowish margin that becomes creamier over time
Iris 'Jubilee Gem'	tall bearded iris; flowers are cream with violet 'falls'
Lychnis flos-cuculi ex 'Nana'	graceful dwarf plant carrying jagged, deeply cleft red flowers on short, slender stems in early summer; one for the rockery
Mackaya bella	the Forest Bell Bush; wonderful spreading evergreen shrub to 1.5m tall, with glossy, deep green leaves and racemes of slightly 2-lipped, funnel-shaped pale lilac flowers 5cm across, finely veined with purple; not hardy, so grow in a pot and take into cool greenhouse or conservatory over winter available in two sizes: 10L pot, £10; 3L pot, to flower next year £5
Penstemon 'Stapleford Gem'	trumpet-shaped blooms during the summer, which are a delightful pale blue with hints of lilac, they have a white throat with dark purple veins
Phlomis russeliana	Turkish sage; 90cm in height, with large, ovate, rough-textured evergreen grey-green leaves. Stout stems bear whorls of hooded, soft yellow flowers in June
Primula florindae	Himalayan cowslip; stout, erect stems carry large terminal umbels of nodding, fragrant bright yellow flowers in June-July
Salvia 'Amistad'	probably the best of the currently fashionable salvias, vigorous growth to 4' with large deep purple tubular flowers with black calyces; hardy with new growth from below ground in late spring
Salvia nemorosa 'Caradonna'	upright racemes of violet- purple flowers through the summer above narrow, rough, grey-green leaves
Spathiphyllum wallisii	the Peace Lily; popular houseplant
Thalictrum flavum subsp. glaucum	strong stately plant with handsome powdery blue foliage and stiff, upright stems topped with fluffy soft yellow flowers in June
Tradescantia 'Concord Grape'	clump-forming perennial to 35cm tall, with narrowly lance-shaped blue-green leaves and branched stems bearing clusters of bright purple flowers 3-4cm wide in summer and early autumn
Valeriana pyrenaica	large heart-shaped leaves stand maroon-stained stems carrying lacy heads of tiny lilac flowers in spring which produce clouds of fluffy seed-heads
Veltheimia capensis	bulbous South African perennial to 45cm, with a rosette of strap-shaped, wavy-edged, glaucous leaves and stout purple-spotted stems bearing a terminal raceme of drooping tubular pale pink flowers 3-4cm in length, with darker spots; potted bulbs are dormant at present but will resume growth in the autumn
